

Microsoft Dynamics CRM Developer (Permanent & Contract)

Location: Co Kildare & Remote

Company Profile:

opensky a European challenger brand to the large global software consultancies, delivering digital innovation across Government, Transport and Environment sectors in the UK and Ireland. Due to business growth, **opensky** have a number of new roles for Microsoft Dynamics CRM Developers in its Headquarters in Naas, Co Kildare, Ireland and alternatively there is option to work remotely. This an excellent opportunity for an experienced CRM Developer to utilise their skills and experience in an international working environment working with innovative technologies and solutions. You'll form part of a high-performance team, working together to deliver projects of national and international importance changing the way large Business and Governments work.

Why Join our Team:

opensky is a dynamic, exciting place to work. We hire exceptional people, and every one of them is empowered to think independently, take initiative and be innovative in their job. We are committed to ensuring that our performance and reward strategies are designed to effectively support our employees at every opportunity and offers an excellent work-life balance.

At **opensky** our employees enjoy the creative, agile and meaningful work they do, the resources and technology they have access to and the benefits we offer. The projects we work on make a real difference, and that's what makes us distinct in our industry. This very factor means that our employees get to work with the latest and emerging technologies.

We've built a truly unique culture here at **opensky**, where our employees are always learning, challenged with interesting projects and rewarded with fantastic benefits. We attract talented individuals from a wide range of cultural, geographic and educational backgrounds whom bring with them a rich variety of skills and experiences.

Our plan is simple; we hire the best people whom possess the skills, talent, expertise, experience and motivation that we require and when we find them, we help them grow, develop and achieve their goals.

The values we share help us to thrive and succeed, both as individuals and as a team. If you share those values, you'll fit right in!

The Job:

opensky Data Systems are seeking an experienced Microsoft Dynamics CRM Developer with both customer support and CRM development skills.

The ideal candidate will enjoy problem solving and troubleshooting across different applications & customers and be proficient in the development/fix of web-based information management system using Dynamics CRM 365 and associated technologies.

- Develop Dynamics 365 solutions maximizing configuration where possible
- Maintain tasks using Jira toolset in an Agile environment
- Work within a team to meet project deadlines & quality standards

Essential skills:

- 1+ years' experience in a similar position
- 4+ years' experience in building Dynamics CRM solutions online or on-premise
- Wide knowledge of MS Dynamics CRM product and its User Interface elements/components
- ASP.NET, Web Services, C# experience
- JavaScript, jQuery experience
- CRM API / SDK knowledge and 3rd party solutions integration experience
- CRM customisation experience, e.g. custom entities, web resources, plugins, workflows
- Experience in maintaining the Dynamics 365 platform including versions 2013 through to 2016
- Good level of English, both spoken and written
- Higher Education
- Knowledge of Microsoft Windows Server and Client operating systems

Desirable skills:

- Portal Connector development/configuration experience
- SharePoint integration experience
- AngularJS, Bootstrap experience
- Experience trouble shooting IP network issues
- Knowledge of HTTP & HTTPS protocols
- Experience with software monitoring and performance tools
- Experience delivering to Government customers

Personal skills:

- Required creative thinking and personal initiative
- Quick learner of new technologies
- Must have excellent client facing interpersonal and communication skills

- Equally important is your ability to work well in a team environment and the ability to problem solve at any level

We Offer:

You will form part of a high-performance team, working together to deliver projects of national and international importance changing the way large Business and Governments work.
